

North Shore
KITCHENS

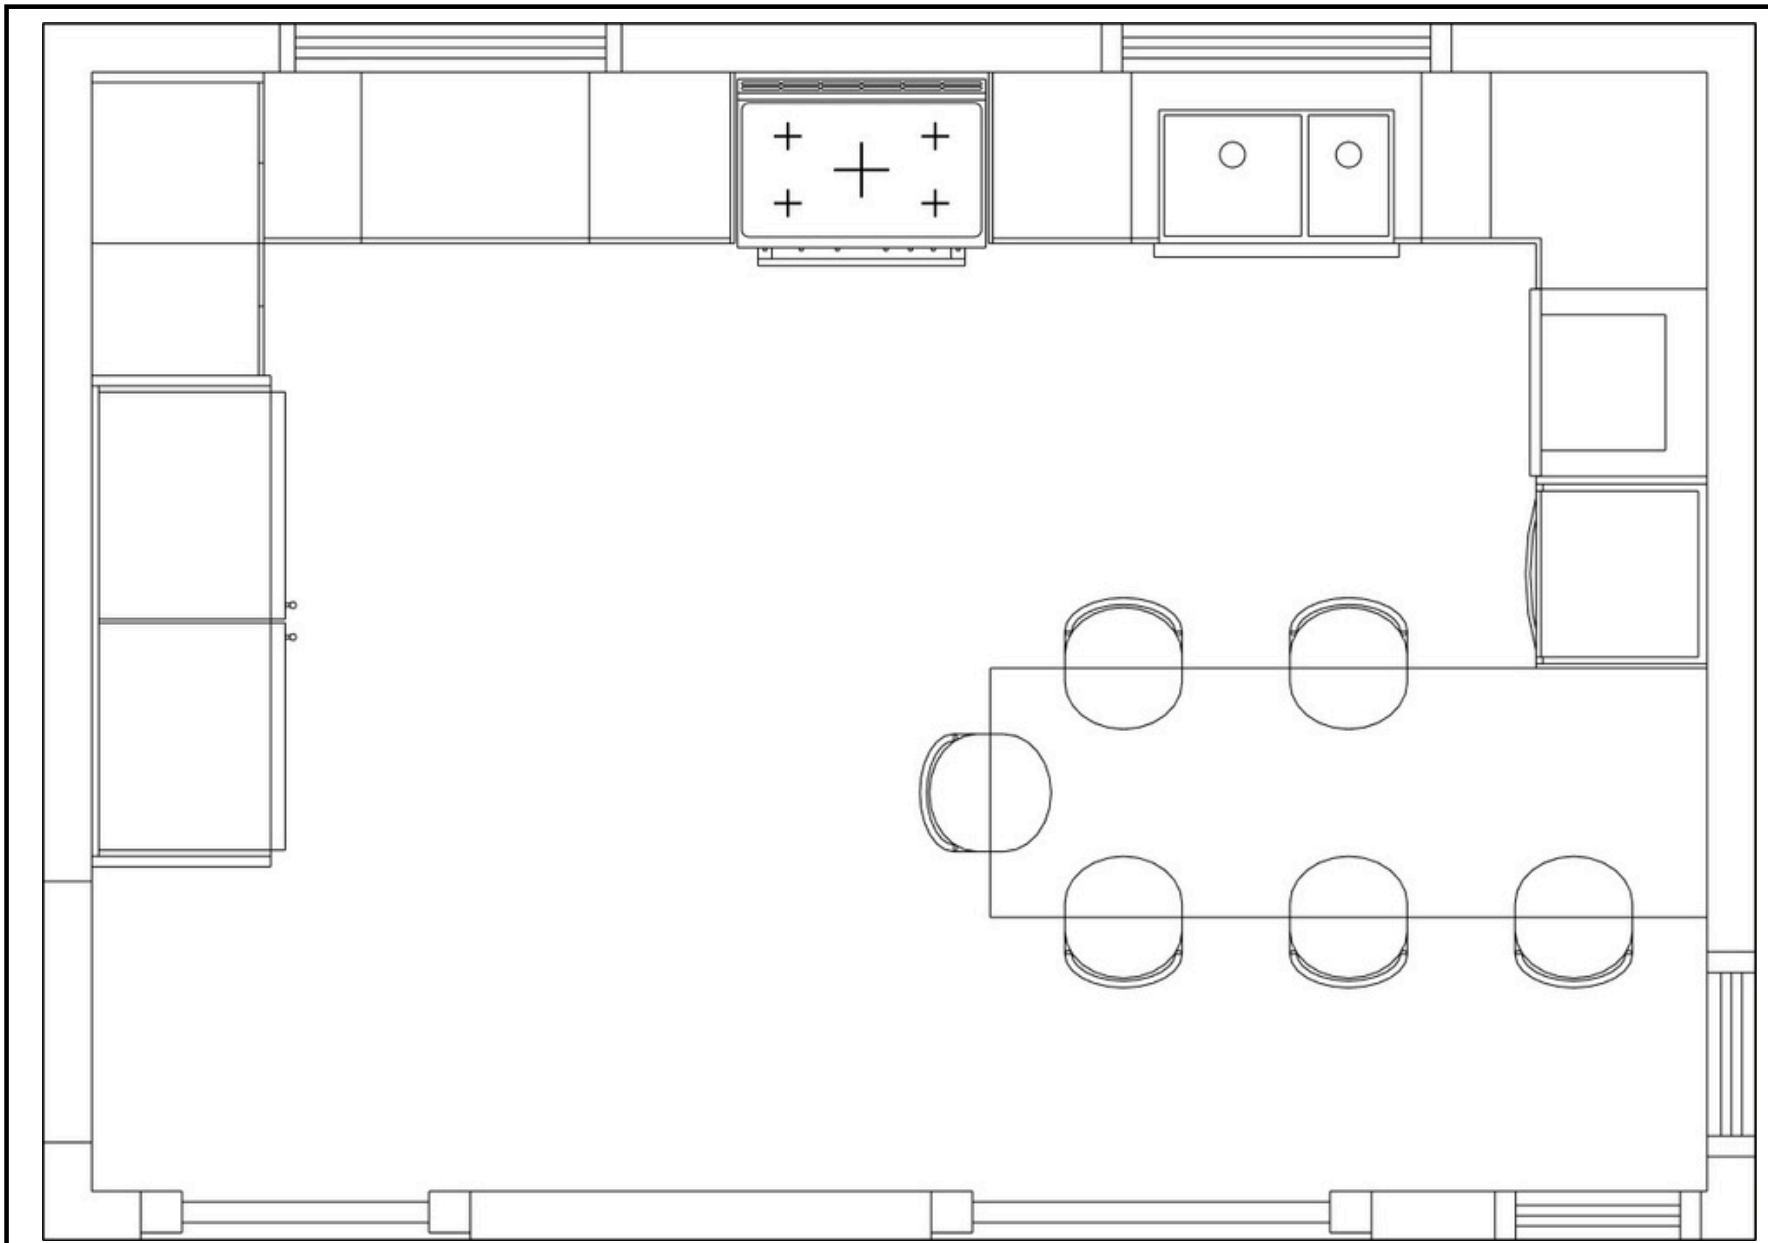

Here at North Shore Ltd, we strive to create custom kitchens that blend beauty, functionality, and innovation. Our mission is to transform our client's vision into reality by providing personalized designs, exceptional craftsmanship, and a commitment to quality.

We believe every kitchen should be a reflection of its owner's unique style and needs, and we are dedicated to delivering exceptional results that exceed expectations.

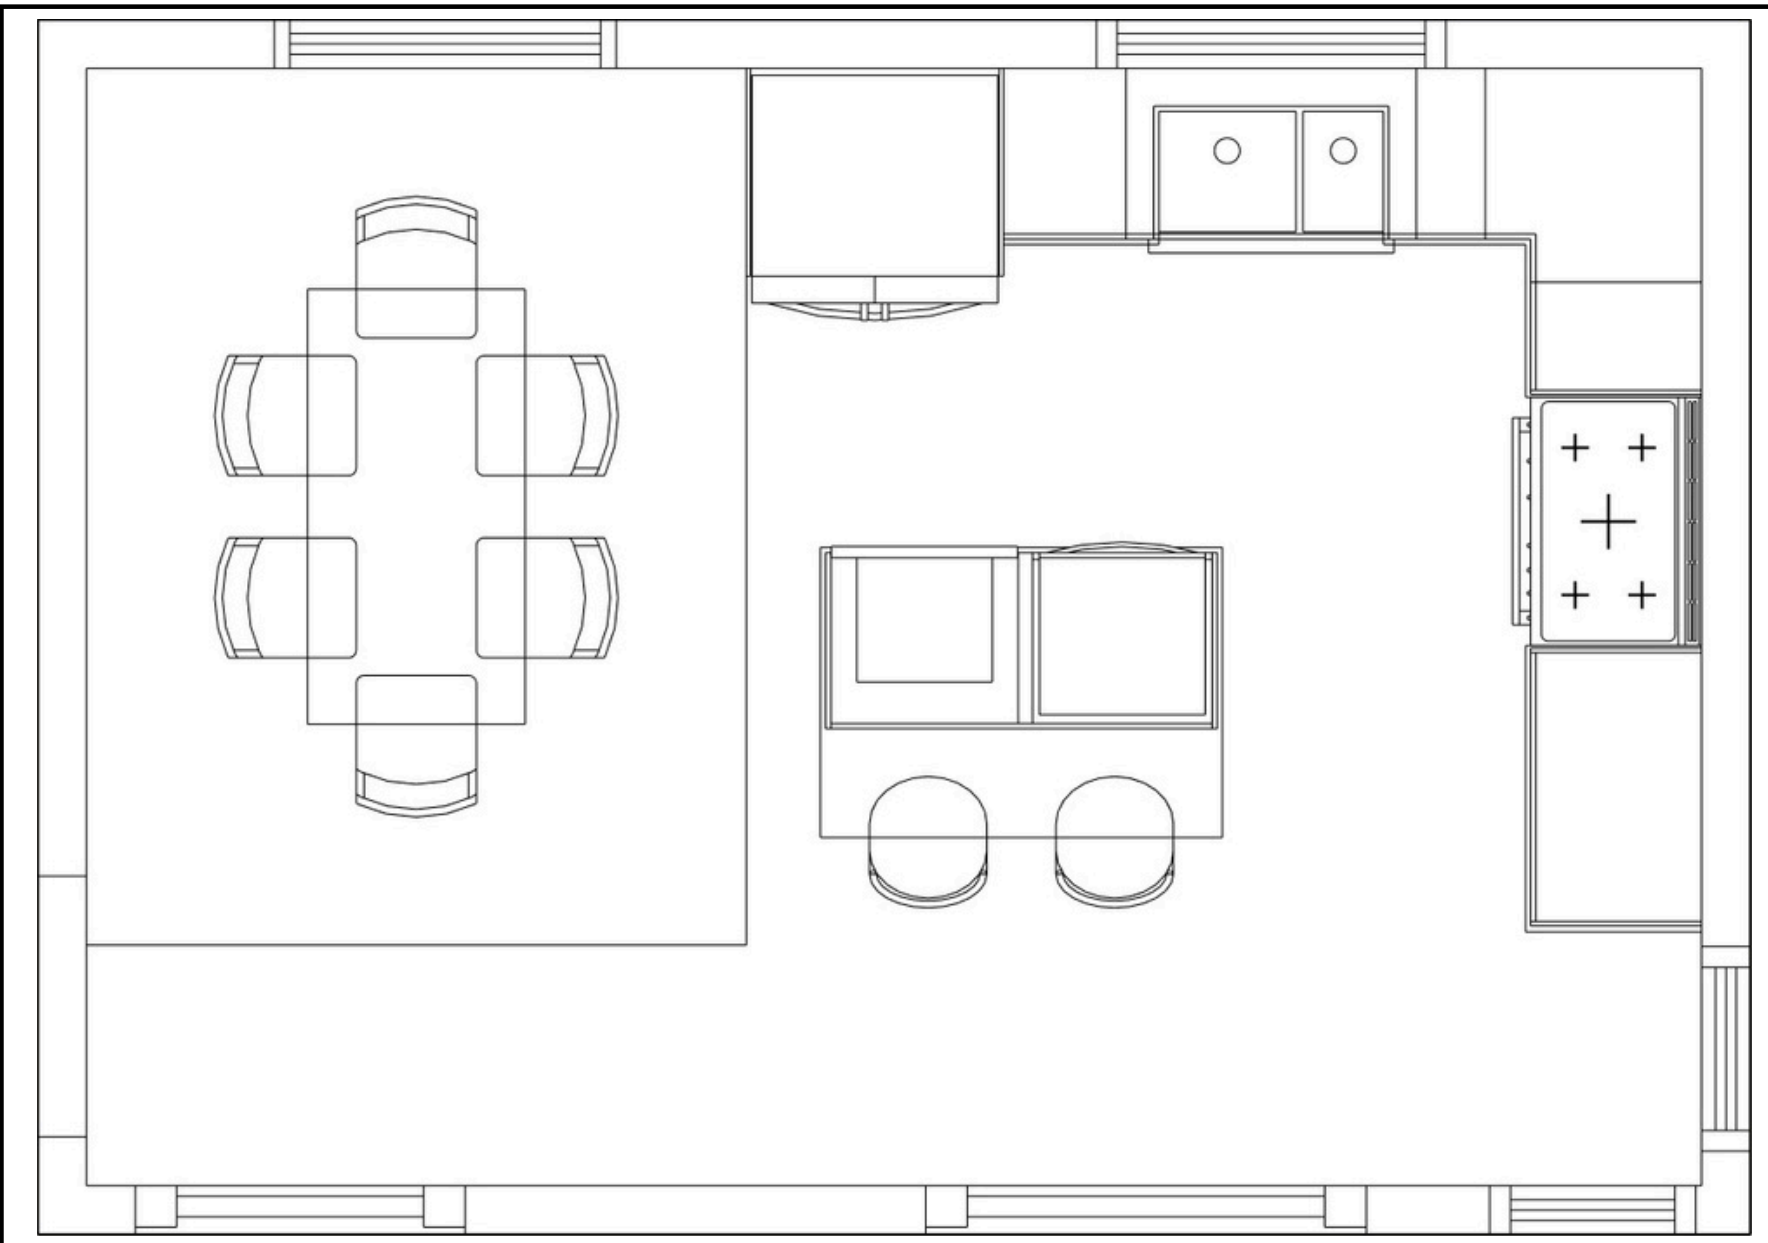

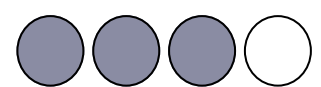

First Steps.... Finding a layout that works for the client’s needs and functionality!

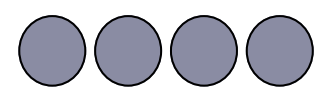

Dean and Deb Woolley
147 John Street, Meaford
N4L 1W7, ON, Canada

Kitchen Floor Plan 3

Kitchen Floor Plan 4

Once the layout is decided and confirmed, we move onto cabinet specifications and elevations!

Now that the layout,
cabinet specifications
and elevations are
confirmed, we start
the finishes board!

We first ask about
inspiration, what do
they want the kitchen
to feel like?

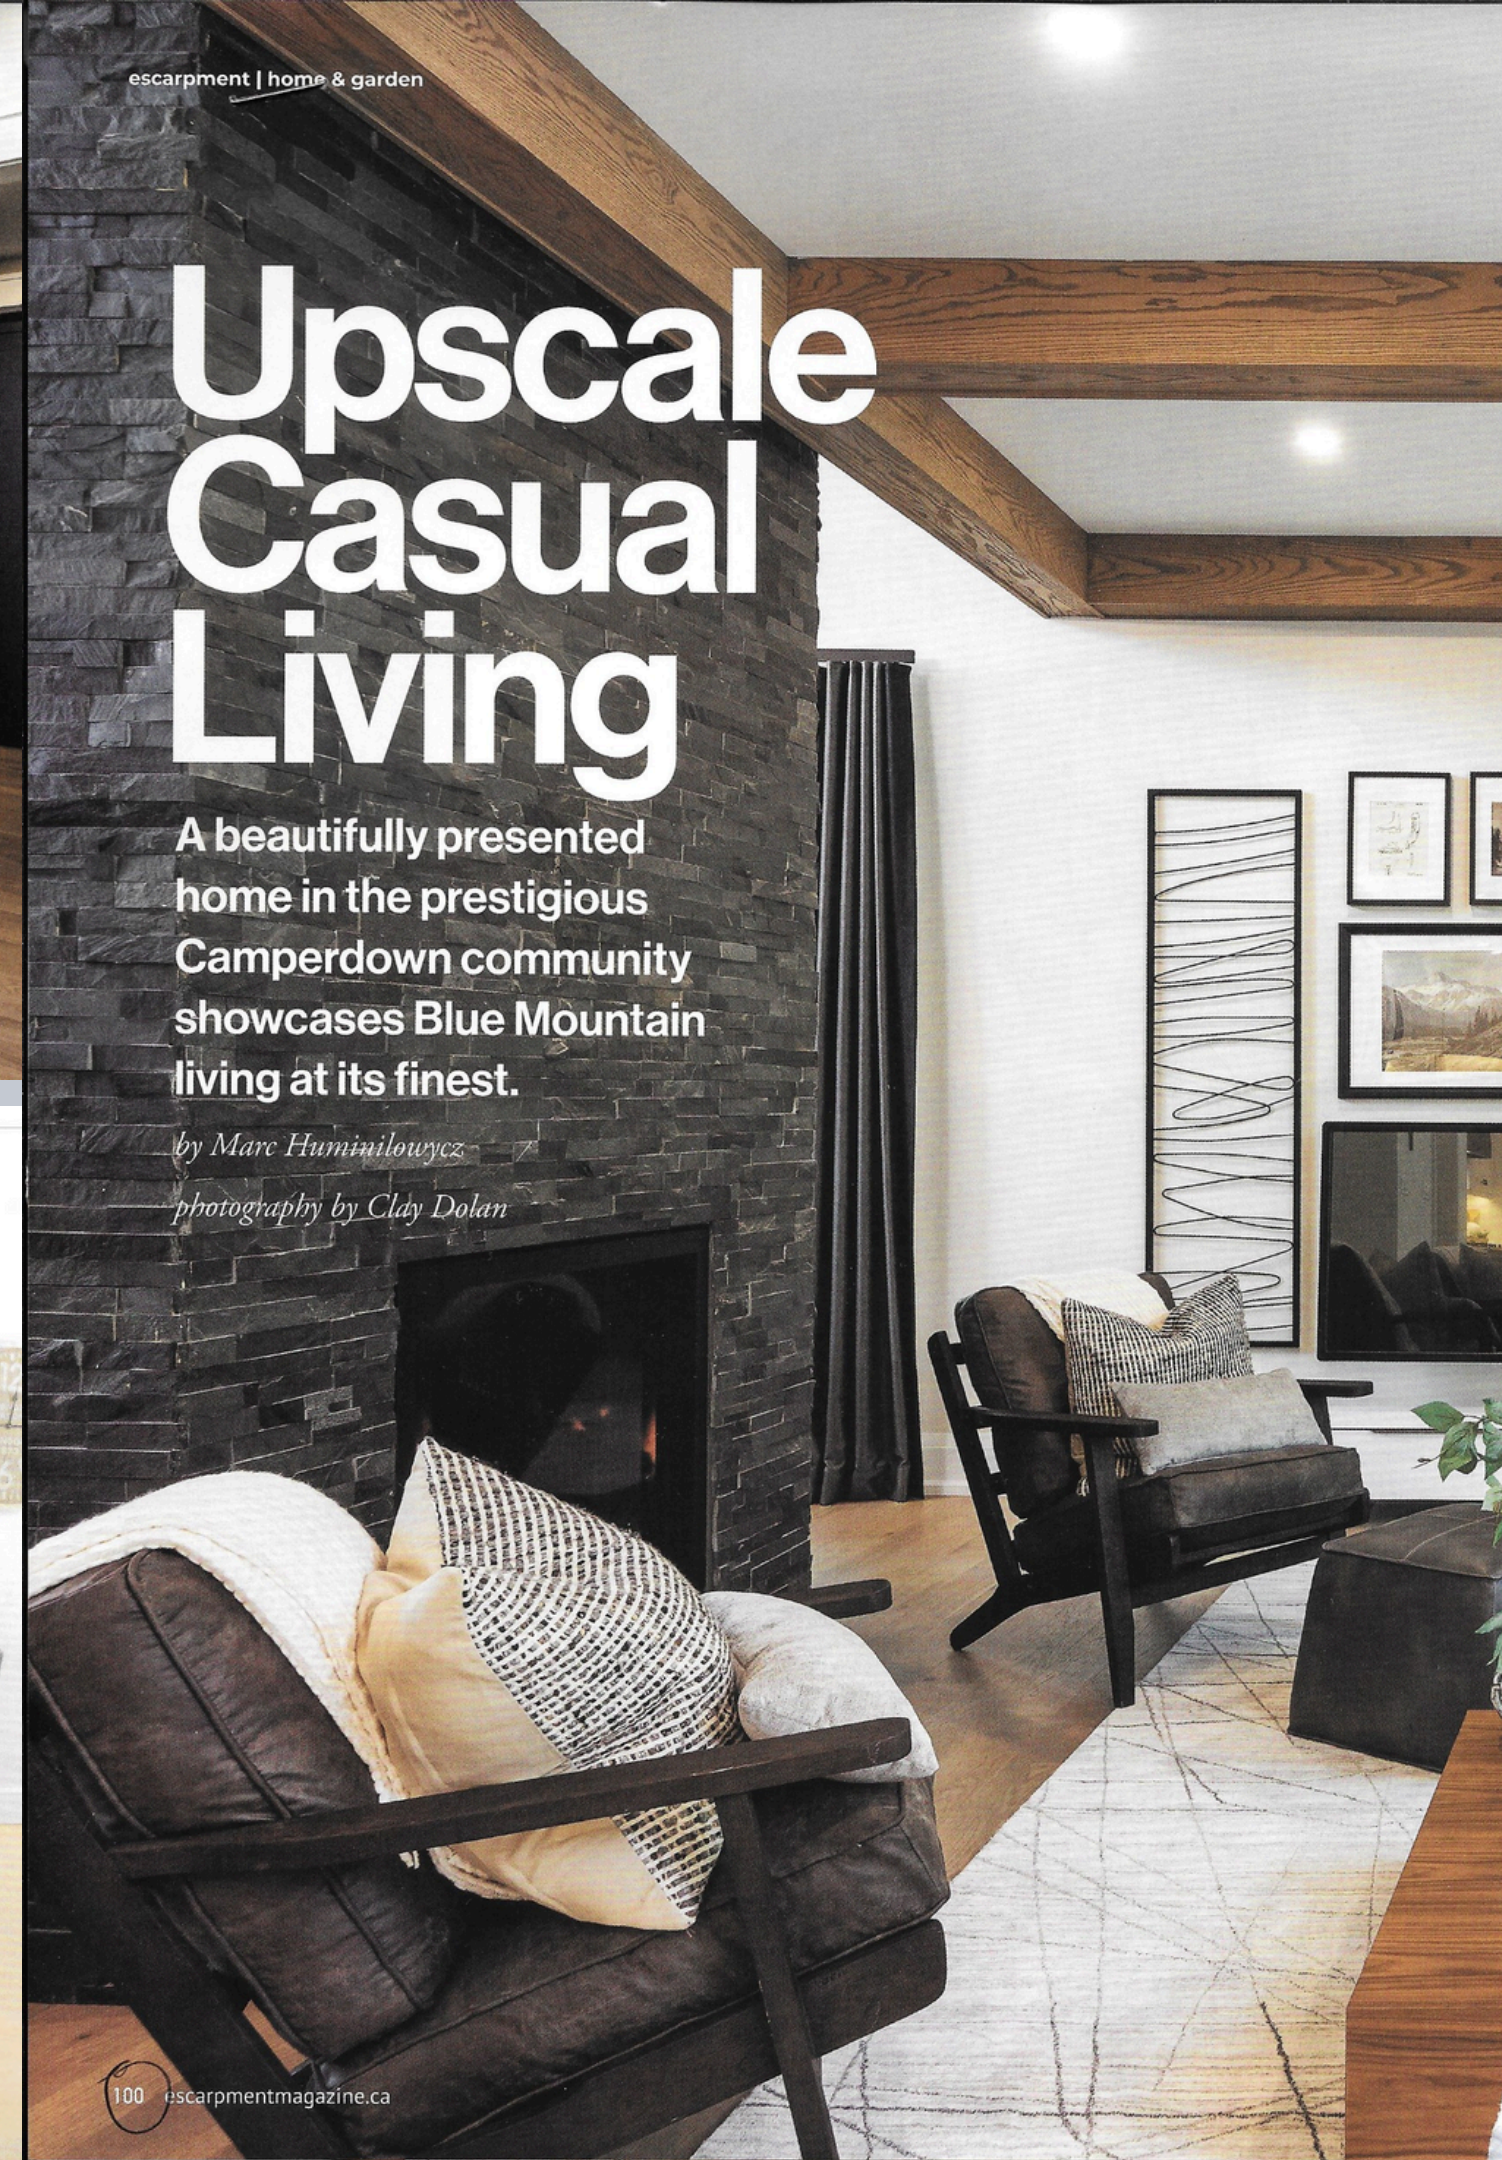

escarpment | home & garden

Upscale Casual Living

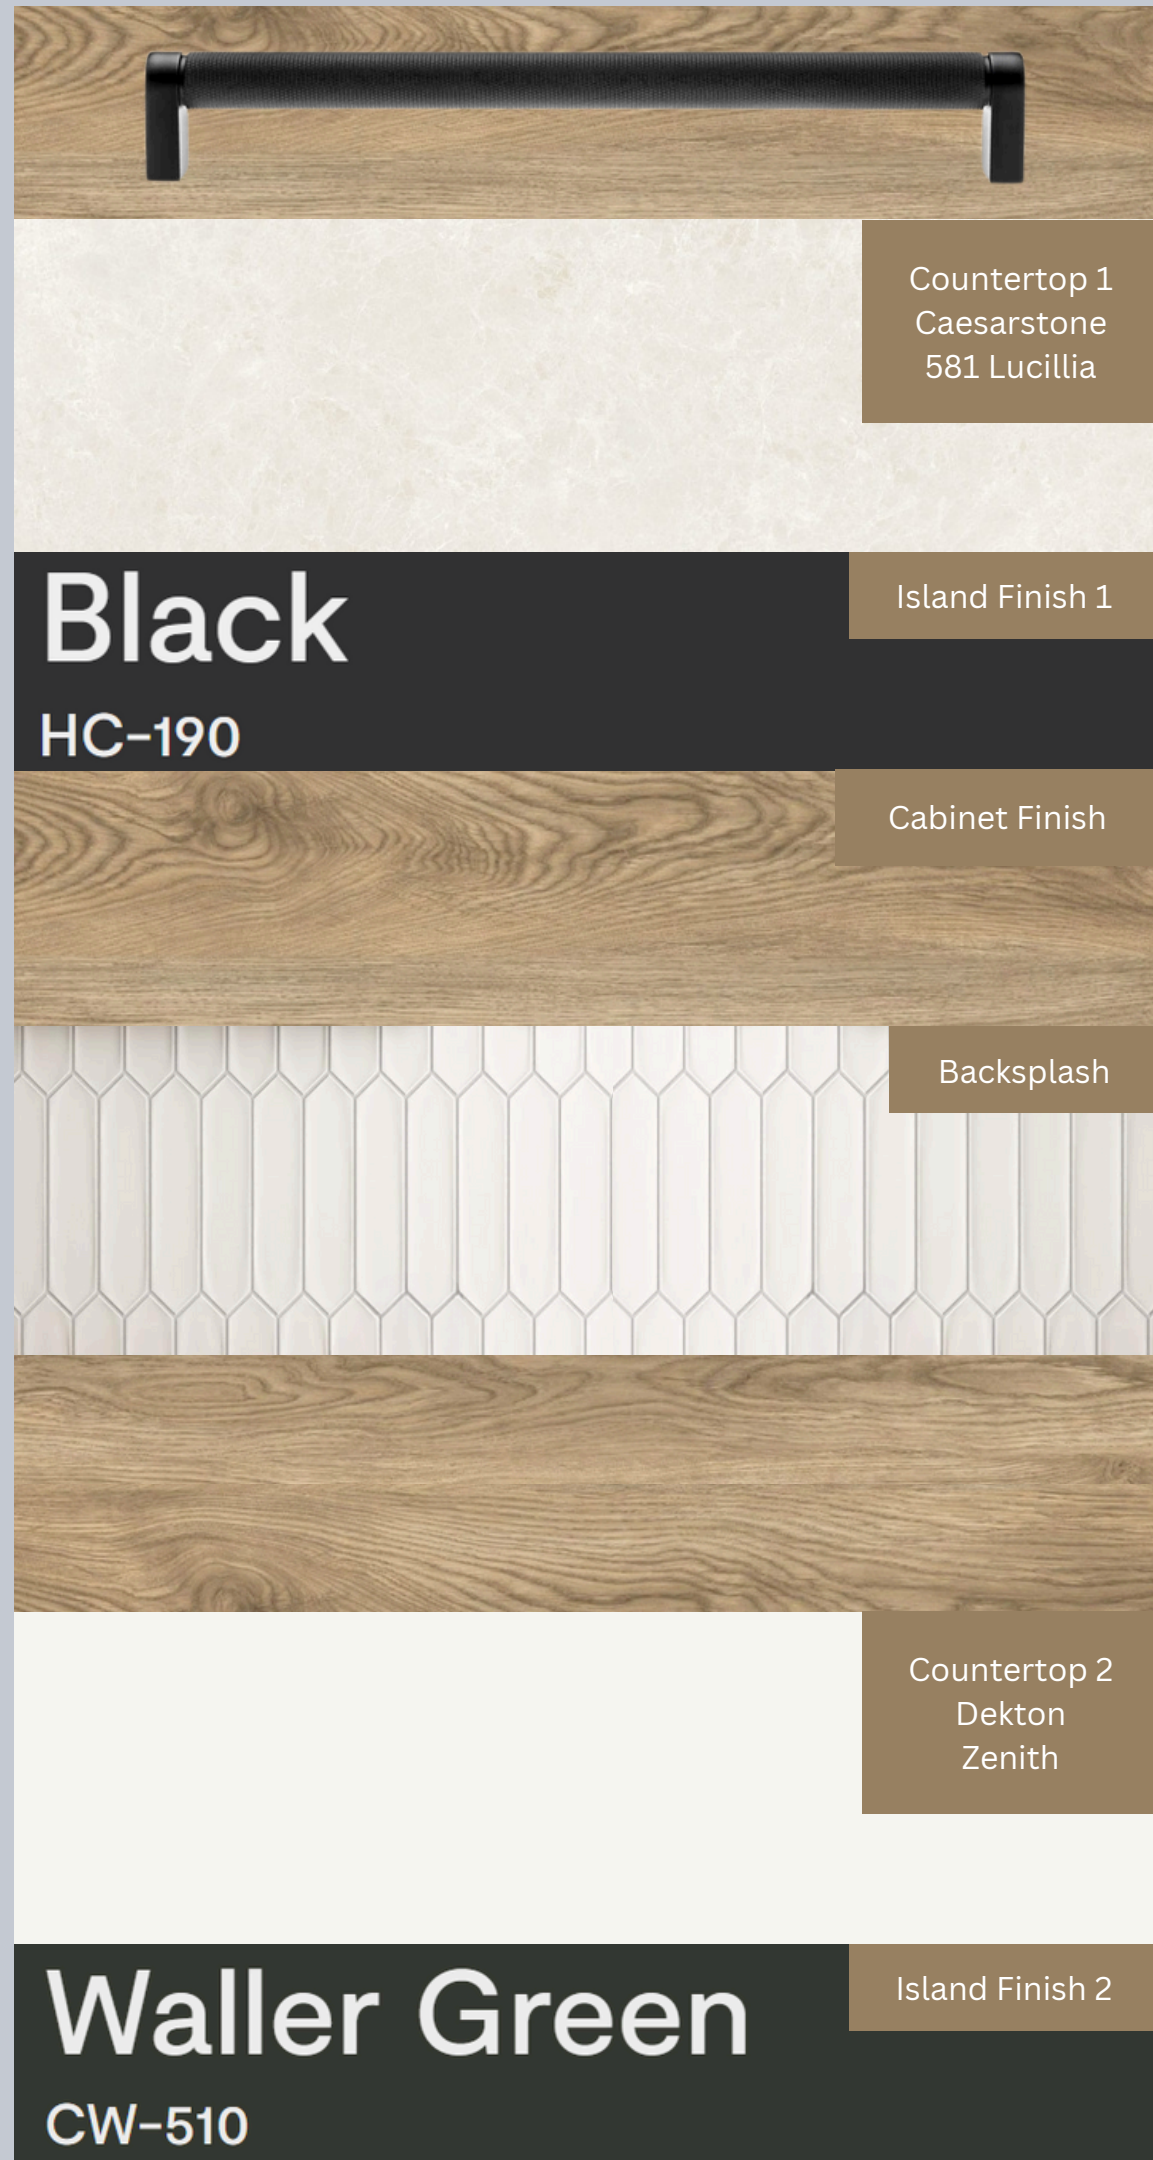

A beautifully presented
home in the prestigious
Camperdown community
showcases Blue Mountain
living at its finest.

photography by Clay Dolan

After we see the inspiration, we try to create something that is similar without being the same! We like to give a few different options for our clients to choose from!

3D Renderings

Perspective Drawings

For perspective drawings, we
take photos with the Sketch
Up camera at 5'-6" to give our
client a feel of the space!
